

Treatment Rates

Individual Therapy Sessions

Sessions are usually 50 minutes in duration and the fee is currently \$230.00

Sometimes you may want to extend your session to 90 minutes. The fee currently for 90-minute sessions is \$280.00

Couples Therapy Sessions

Sessions are 50 minutes in duration and the fee is currently \$310.00

I would recommend a 90-minute session for Couples Therapy as there is more to work through with two people. The fee for a 90-minute Couples Therapy session is \$340.00

Telephone Sessions

Telephone sessions are offered as an alternative to office visits if you are unable to attend sessions.

Please Note: All telephone sessions are to be treated the same with respect to payments and policies within the office setting (i.e. \$115/30min)

Psycho-diagnostic Assessments & Report Writing

Number of sessions/testing hours are variable. The fee currently per hour is \$350.00

Professional/Student Supervision is currently \$185.00/hr.

Payment Options

Payment is due on the day of treatment. Clinical Psychology services are typically covered by Major Health Insurance Plans. You may elect to pay full portion out of pocket. Your co-pay is dependent upon your health benefit package. Major credit/debit cards or cash are acceptable forms of payment.

I have read and understand the above terms of payment. I agree to pay at time of service:

- ____ via insurance plan
- ____ via self-pay in full
